Does the time of the exile and profits confuse you? What did you learn this week about that time?

These questions will be helpful to each other in your group:
What are you doing to prepare for retirement?
What have you done to prepare?
What do you wish you would have done to prepare?

Before this Sunday, how old did you think Daniel was when he was thrown into the lion's den?

If you are retired, do you feel like your time is being spent to build the Kingdom? How? If you are not retired, how are you hoping to use those years for the Kingdom?

What Video made the biggest impact on you? Why?
