# **Sunday Talk Notes**

### Mark – The Upside-Down Kingdom

#2 - Jesus' Baptism

Craig Piefer June 4, 2017

#### Mark 1

Please take advantage of this blank sheet of paper to write		
down your thoughts and things you want to remember.		

If you have been baptized, share that story with the group. If you haven't been baptized, share what is holding you back from this next step.

Have you ever given much thought to why Jesus was baptized? What are some things that you have been taught about his baptism? If Craig's view was too simple for you, what other meaning or purpose could it have?

Craig talked about "go with what you know" as it pertains to doctrine. Where else in life is it good to go with what you know? Where in life would going with what you know be a hindrance?

Why do you think Jesus commanded us to take part in these ordinances - (Communion and Baptism)?

At one point during the talk Craig said, "If you haven't been baptized, then your next step is to be baptized." So, if you haven't been baptized, when is it going to happen? If you have, what is your next step in your faith?
