Teach us to Pray #2

Our Father in Heaven

January 14, 2018

Matthew 6:9; Luke 11:2

By Jesus' own wording it seems like prayer is primarily designed to be done out loud with others; does that describe your prayer life? What makes praying with others difficult? What makes it difficult for you?

What has been your experience with the 10 second prayer? If you haven't tried it yet, what is keeping you from doing it?

If being part of a prayer night doesn't work for you, how will you pray in community weekly?

How are you doing "hallowing" God's name? Another way to ask the same question is: When people put together the knowledge that you are a follower of God along with your daily actions, is God's name elevated?

What is one thing you can add and one thing to subtract in your life that will "hallow" God's name? Is OMG an issue?

Other than prayer, where else do you grasp the tension of intimacy and reverence of God? How does the intimacy and reverence found in prayer change your relationship with God?
